Jóvenes que no estudian ni trabajan

- Jóvenes = Población entre los 15-24 años de edad
- Jóvenes que no estudian ni trabajan son aquellos que no dedican tiempo a:
 - Asistir a la escuela
 - Realizar alguna actividad económica
 - Ayudar a otros miembros del hogar (trabajar en casa)

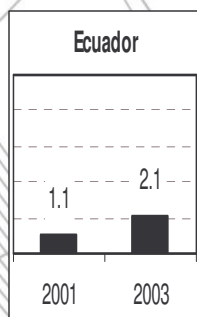

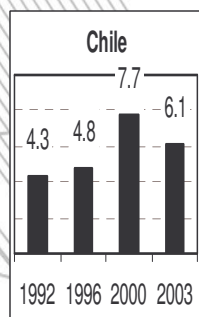

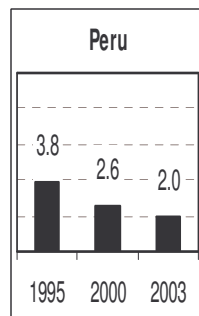

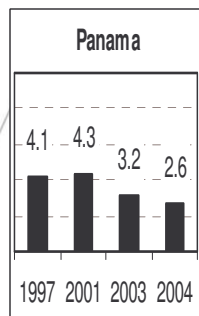

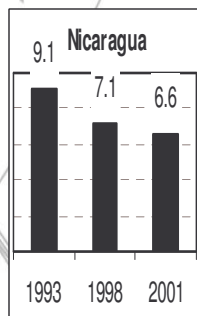

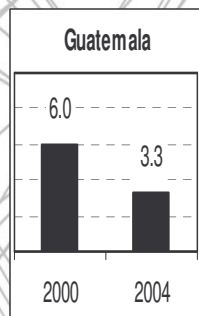

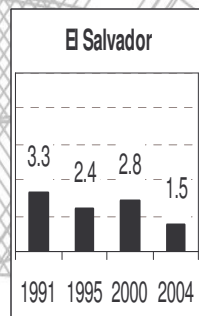

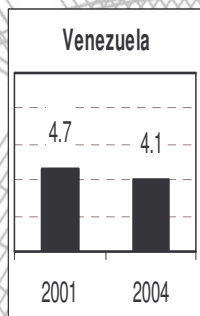

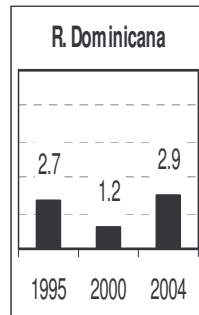

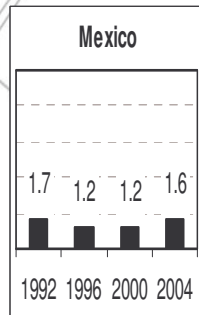

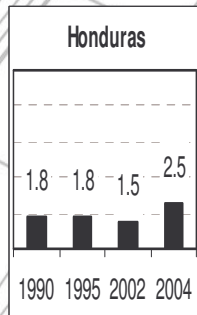

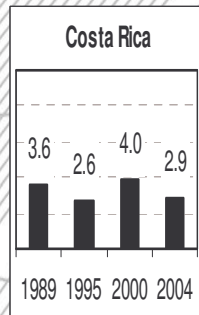

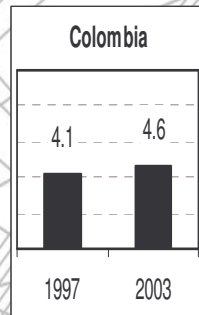

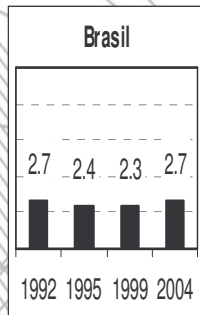

Jóvenes que no estudian ni trabajan

- No existe una lista óptima, concisa, que satisfaga a todo mundo o que responda a todas las necesidades.
- Este indicador provee una idea de medios para alcanzar objetivos de desarrollo humano
